- Eliminates gutter clogging

A-M Gutter Guards (Division of A-M Seamless Gutters, LLC) is owned by two Amish brothers, Ray and Aden Miller of Northeast Ohio. They have been in the gutter business since 2008. After installing gutters and gutter guards in all types of weather, they were motivated to develop a gutter guard that would be an improvement over existing products. It was clear that affordable gutter guards were poorly designed and flimsy, while well made gutter guards were over-priced. In 2015 Ray and Aden designed a superior gutter guard, patented the design, took the concept to a local machinist and production began. In 2019, A-M Gutter Guards were rated #1 gutter guard by Kzumer Consumer Report! A-M Gutter Guards have also been given a 5 Star rating by 93% of customers, making A-M Gutter Guards the #1 gutter guard choice for DIYers as well as large gutter installation companies. A-M Gutter Guards have proven to be the best on the market... durable, easy to install and affordable!

RAVING FANS! ★★★★★

★★★★★ **Better than advertised**

Better than expected. Installed 170' on a split level home, went on easily, secured well and looked great. Great price as well. Will be buying this again next time the customer asks for gutter guard.

★★★★★ **Rugged, well made gutter guards that work!**

By [Joe B.](#) on November 24, 2017

The leaves were no problem, as any laying on the guard eventually blew off. Even with heavy rains, the gutter guards were able to handle all the water coming off the roof without cascading over the gutter or over the ends. Very satisfied. great well made American product!

A-M GUTTER GUARD™

The Difference is in the DESIGN

How Do A-M Gutter Guards Work?

Our unique bubbled filtration system allows rainwater to pass through our patent pending design while leaving debris to dry and blow away. Our maintenance-free design not only keeps debris from sticking; it promotes airflow from top and bottom allowing debris to dry and blow away in winds as low as 5 mph.

RATED #1

Frequently Asked Questions...

What makes A-M GUTTER GUARDS superior?

Our patented design! This design creates and promotes more air-flow from top and bottom to remove debris. The design also allows this product to be installed on all types of hangers including hidden hangers but also the older style spike and farrow. These features make this product the best choice for any homeowner or installer. (photo left)

Will I have to replace my existing gutters?

No! Unless damaged, there is no need to replace your existing gutters. A-M Gutter Guards install on any 5 or 6 inch gutter and all hanger designs.

Will A-M Gutter Guards work with all roof types?

Yes, A-M Gutter Guards are installed on top of your gutters and do not come in contact with the roof. They perform well with all roof material and any roof pitch.

Will anything clog A-M Gutter Guards?

No. A-M Gutter Guards unique bubble design allows your gutter to remain free flowing; the flow drain holes allow only water in your gutters.

Will A-M Gutter Guards work during heavy rainfalls?

Yes, A-M Gutter Guards perform well during record amounts of rainfall. One foot of A-M Gutter Guard has 384 holes.

How long will A-M Gutter Guards last?

A-M Gutter Guards are manufactured with hi temper aluminum and will never rust, rot or distort. Lifetime Guaranteed!

Will A-M Gutter Guards work when covered with wet leaves, pine needles or other debris?

Yes, tests shows A-M Gutter Guards' unique filtering bubble design allows water to flow freely even when covered with debris.
